## help for Haiti

A magnitude-7.0 earthquake rocked Haiti on Tuesday, January 12, leveling buildings in and around the capital city of Port-au-Prince. **Tens of thousands are dead.**

Such a powerful earthquake would be a nightmare anywhere. But for Haiti, the most impoverished country in the Western Hemisphere, it is especially devastating. **“People are acutely vulnerable because of poor infrastructure and extreme poverty,”** says Edward Brown, a relief director for World Vision.

### Your church can provide life-saving relief by taking a special offering **this Sunday.**

Your gift will help deliver emergency relief supplies—including food, clean water, blankets, and tents—to children and families devastated by the quake.

**Please remember the children of Haiti in your prayers—and with your gifts—this Sunday.**

Together, we can provide urgent relief and help families rebuild.

### how you can help save lives:

- Download the Haiti bulletin insert from [www.worldvisionchurches.org](http://www.worldvisionchurches.org) and distribute it to your congregation **this Sunday.**
- **Collect a special offering** for the children and families of Haiti during your weekend service(s).
- Fill out the bottom of this sheet and **return it to World Vision**, along with your church's donation. Completing this form will ensure that your donation is processed correctly and the funds are distributed ASAP. **Please make checks payable to World Vision.**
- **Continue to pray** for children and families impacted by this disaster.
